PROJECTS

Personal Finance Management System | Spring Boot, React Js, Tailwind Css

- Developed a comprehensive Personal Finance Management System, featuring user authentication, account management, transaction tracking, budgeting, and investment tracking. The system enables users to set financial goals, track bills, and generate analytics on their financial data.

IPL Auction | MERN Stack

- Designed and developed a comprehensive IPL Auction System, featuring separate admin and user portals for managing auctions, teams, and players. The system enabled admins to manage auctions, players, and teams, while users could view auction details, team rosters, and player statistics.
